LIABILITY FOR CHARGERS. The owner of any lot, parcel of land or premises receiving Utility Services, the occupant of such premises and the user of the service shall be jointly and severally liable for the payment of the services to such lot, parcel of land or premises and all services that are rendered to the premises by the City only on the condition that owner, occupant and user shall be jointly and severally liable therefore to the City.

I agree to comply with the rules, rates, and regulations which are or may be established. I further agree to pay for the full amount of water registered by the meter set for this service, whether it be due to waste, leakage or other cause. In the event of failure on my part to pay the bill in due time, the Department shall have the right to turn off water and discontinue said service. I also agree to claim no damage due to repairs, alterations or improvements.

The renter acknowledges that, if a bill for water/sewer service remains unpaid in excess of thirty (30) days, the owner has authority to request that service be discontinued to this residence. The renter further agrees that the City will not be liable for taking such action at the request of the owner.
