ENTERPRISE ZONES

An Enterprise Zone is a specific geographic area targeted for economic revitalization. Enterprise Zones encourage economic growth and investment in designated areas by offering various tax incentives and benefits to businesses located within them. The Zone is designated by the Illinois Department of Commerce and Community Affairs (DCCA) and is intended to stimulate economic development within the area.

NOTE TO USERS

In order to accurately designate the boundaries of the Enterprise Zone, Greater Egypt Regional Planning and Development Commission (GERPRDC) and Williamson County maintains and manages the information presented in the maps to an acceptable planning level. Requests for a more exact location of the areas that receive EZ benefits should be directed to GERPRDC via email, at gerprdc@midwestnet.net.

MAP UPDATES

Future revisions to the Enterprise Zone maps will be issued annually or when administration deems suitable. These changes therefore remain valid for one year from the date registered to the map. Please refer to GERPRDC to ensure the validity of the maps. The "Most Recent Additions" to the EZ are indicated on the Listing of Enterprise Zones table under the column "Year Certified by State.
